### How to submit a digital photo to the yearbook

3. Once Studio Works opens, select the Content icon located at the top of the window.
4. On the left is the Galleries/Filter section. On the right are the Thumbnails/List views.
  - \* Select the Galleries tab
  - \* Select the my content tab and then the gallery that matches closest to your photos. Classroom photos are by grade. (Click on the arrow to expand it.)
  - \* Select the Thumbnails tab not the list tab.

5. Leaving the Studio Works window open,
  - \* Navigate to where your photos are stored. (Hard drive, Pen Drive, CD, etc...)
  - \* Rename your image to include the event in which the image was taken and the grade of the student. This is very important because if it does not make the actual event page, it will be placed in other sections by grade.
  - \* Minimize the active window to where it overlays the Studio Works Window. \*You should be able to view both windows at this time.
  - \* Select the image(s) you desire to upload to Studio Works.
  - \* Drag the highlighted files to the Thumbnails section of Studio Works

\*The Parent account will not allow for deletes or edits once the images are moved.  
 Once the upload is complete, hit the refresh button to see if your photos have been uploaded. It is two green arrows that form a circle on the top right side of the screen.

6. Complete by logging out and sending an email to me at [Tonyaleighl@yahoo.com](mailto:Tonyaleighl@yahoo.com). This will allow me to confirm the upload is completed and which folders have new pictures. The software will not accept photos taken with iPhones unless they are uploaded at the highest resolution possible, so it is better to use a digital camera!
